Digital Turbine Inc. (2023 - Present)

- Working and managing as Lead QA Engineer to execute test cases, troubleshoot issues, and collaborate with the development, creative, production, account management, data analysis, and ad-operation teams to deliver high-quality, defect-free mobile advertisements. Proficient in testing tools and mobile platforms, I am dedicated to providing value to our customers through exceptional products.

SOFTWARE QUALITY ASSURANCE ENGINEER

Digital Turbine Inc. (2021 - 2023)

- Worked as Software QA Engineer to execute test cases, troubleshoot issues, and collaborate with the development, creative, production, account management, data analysis, and ad-operation teams to deliver high-quality, defect-free mobile advertisements. Proficient in testing tools and mobile platforms, I am dedicated to providing value to our customers through exceptional products.

RESEARCH ASSISTANT

Istanbul Arel University (2018 - 2021)

- Computer Engineering (English) Department
- Distance Learning Coordinator in Computer Engineering (English) Department
- Arel University Rover Team (ART) Advisor
- IEEE EBBT Committee Member

LEAD QA ENGINEER

Gigafun Games (2015 - 2017)

- Worked and managed as Lead QA Engineer for over 25 mobile (Android and iOS) games' testing cycles.

ACADEMIC QUALIFICATIONS

DOCTORAL DEGREE IN COMPUTER ENGINEERING

Istanbul University - Cerrahpasa (2019 - Present)

MASTER'S DEGREE IN COMPUTER ENGINEERING

Istanbul University (2017 - 2019)

- Thesis:** A comparison of software test automation tools

BACHELOR'S DEGREE IN COMPUTER ENGINEERING

Istanbul University (2011 - 2016)

- Thesis:** Smart Home Automation System

EXPERTISE

- Test management
- Test cases planning and writing
- Test reports
- Manual & automated testing
- Regression testing
- Usability testing Functional/Non-functional testing
- Smoke & sanity testing
- User Acceptance Testing
- Alpha/Beta testing

CERTIFICATES

- **ISTQB Foundation Level (CTFL) - Turkish Testing Board, issued Feb 2023, ID: 0223-CTFL-4061**
- Appium(Latest 1.8.2)-Mobile Automation Testing from Scratch - Udemy, issued Jul 2019, Credential ID UC-435EFFUA
- **Automated Software Testing with Python - Udemy, issued Jul 2019, Credential ID UC-X7OUMLN6**
- Selenium WebDriver With Python 3.x - Novice To Ninja - Udemy, issued Jul 2019, Credential ID UC-N3FIOAJM
- **Selenium WebDriver with Java -Basics to Advanced+Frameworks - Udemy, issued Jul 2019, Credential ID UC-W56BC7UU**
- Unit Test Yazma Sanatı - Udemy, issued Jul 2019, Credential ID UC-8CZ6Q0GE
- **Arçelik - Unit Test Event, issued 2018, 3rd Place.**
- Violin Training Program, Republic of Turkey, Ministry of National Education, 2009

CAREER GOAL

With a solid background in software QA engineering, I am seeking to take my career to the next level. My aspirations include becoming a topperforming QA engineer and eventually advancing to a test architect role. My ultimate goal is to lead successful QA teams and play a significant role in delivering innovative, high-quality solutions for clients. I am committed to continuous learning and growth, and I am confident that my skills, experience, and drive will allow me to achieve these goals.

- Campaign of the Month - Hyundai France (June 2022)

INTERNSHIP / PRE-PROFESSIONAL

SOFTWARE TEST ENGINEER (INTERNSHIP)

Anadolu Bilişim Hizmetleri (abh) (2014 - 2014)

- Worked as software tester for a budget tracking software.

HARDWARE TEST ENGINEER (INTERNSHIP)

CASPER Computer Systems (2013- 2013)

- Worked as hardware test engineer for tablet, notebook and desktop computers.

GAME TESTER & WRITER

LEVEL Online Video-Game Magazine (2012 - 2012)

- Worked as game tester for new released games and as writer for reviewing these games.

KEY SKILLS

- Experience in testing Web, PC, and mobile-based software.
- Solid understanding of manual and automated testing methods and processes.
- Planning and task management skills.
- A high level of workmanship with an eye for detail.
- Full knowledge of testing processes with technical understanding.
- Test Case planning and management.
- Understanding the iterative software development lifecycle.
- Knowledge of Python, Java, Selenium, JIRA, Appium, SQL.
- Game testing.
- Demonstrated ability to identify issues, develop solutions, and implement effective strategies to resolve complex problems.
- Proven track record of meticulous attention to detail in project planning, execution, and quality assurance.
- Strong verbal and written communication skills, adept at conveying complex information clearly and effectively to diverse audiences.
